## We See God's Works

Look around at the world. There are giant mountains. There are tiny little flowers. There are things that happen every day and so we expect them (like the sun coming up). There are things that are so complicated we can never understand them.

Who made all this? Who takes care of all this? *Somebody* must have made it all. That *Somebody* is *God*.

God created the world, and He allows us to know some things about Him by looking at His creation.

We can see that He is **creator**: He made it all.

We can see that He is **sustainer**: He keeps the world together.

We can see that He is **beautiful**: He has made things beautiful.

## Discussion Questions

1. How do the sun and moon and stars tell you there is a God?
2. Can you name some other things that tell us there is a God?
3. What do they tell you about God?
4. How does Jesus show that He is in control of creation?
