

God is Almighty

Kings are sometimes mighty men. They have great power. They rule over people. They have many soldiers to fight for them.

King Nebuchadnezzar was a mighty king. He had many servants. He told his servants what to do, and they always obeyed him. Nebuchadnezzar had a big army, too. His soldiers were brave and strong. They went where he sent them.

One day, God took all of Nebuchadnezzar's power away from him, to show the king what true power is. The king was humbled and cried out for help and God restored him.

Nebuchadnezzar was a great king, a mighty king. But he was very small beside God. God is almighty. God made heaven and earth. God just spoke, and it was there! And God has all things in His hand. He guides and rules all kings and kingdoms of the earth. He rules the heavens, too. He is king of everything and everybody! We are just His little creatures.
