

God is Faithful

We all make promises, but most of us don't keep them. We promise our mom that we will clean our room, but we don't. We promise our dad that we will take out the trash, but we forget.

People break promises, but God never does. God promised Abraham that He would give special land to his descendants. Years later, God's people were slaves, their land was filled with other people, and they were far away from it.

But God was faithful. He rescued them from Pharaoh. He led them across the desert, and provided water and food for them along the journey. Then, when they got to the land, God helped them to defeat the people who didn't want them to have it.

God promises to give us strength when life is too hard. He promises us that if we love Jesus, we will get to be with Him after we die. And He promises that He will always be with us!

Discussion Questions

1. What promises do you make? Do you keep them all?
2. Was it hard for God to keep His promise to His people?
3. What are some of His promises to us?
4. What does it mean to be "faithful"?

Memory Verse

Let us hold fast the confession of our hope without wavering, for he who promised is faithful. | **Hebrews 10.23**
