
God ALWAYS does what is BEST

We have learned that God is very good and that He is in control of all things. So, people ask, 'why do bad things happen'?

Bad things happen because of sin. Sin happens because WE choose to serve things other than God. But God uses even the bad things for good. He knows what is best for us, and He works to make all things good, even if we don't understand.

The Bible tells us the story of Moses, who was born when all of the babies were being killed. His mom put him in a basket and put him in the river. Soon the king's daughter came down to the river and found the basket. The princess didn't want to throw the baby into the river, she wanted to save it. Moses' sister was hiding in the bushes and came out to say she could find someone to take care of the baby. And guess who she found: Moses' own mother!

It might have seemed bad at the beginning, but God used all of the bad to rescue His people. GOD IS GOOD!
