
God's Law is Good

We think that getting what we want will make us happy. But if what we want is against God's law it will bring sadness. This is because God's law is good and designed for our joy!

The Bible tells us the story of a king named Josiah. He had to take over as king when his dad died. The people had forgotten all of the things that God had told them. They were very wicked.

Josiah told the people that they needed to throw away their idols and clean the temple. When they started cleaning up they found the book of God's law. It had been lost.

When Josiah heard it he was excited and sad. He was excited to hear the words of God, but he was sad to hear that they had not been obeying God. He called all of the people to come and listen as they read God's law. All of the people were sorry. They knew that God was good and so was His law. They had not been obeying Him and now they wanted to change. They knew God was good and that His law would help them to do what He wanted.
