

God Knows All Things

From the time we are born we begin to learn. We learn how to eat, how to walk, how to talk, and how to ride a bike. But God is not learning. God already knows all things.

The Bible tells the story of king Nebuchadnezzar. This king had a very confusing dream, and when he woke up he couldn't remember what the dream was about. So he asked his wise men, but how could they know what he had dreamed? But God knew and God told Daniel. God knows even the things that we can't see or remember.

God even knows the future. He knows the things that have not happened yet. We can only know the things that we have learned, but God knows all that ever was, and all that will ever be.

So when God talks to us, He is not just explaining what He has learned, He is teaching us what we need to learn.
