
God's Angels Watch over Us

Every king has people who do what they say. God also has helpers who help Him carry out His plans. They are called angels and they help God.

The Bible tells the story of Daniel. Daniel loved God more than any king or law in the land. When the king made a law that you could only bow down and pray to him, Daniel kept praying. Some men saw Daniel praying and told the king that Daniel was breaking His law. And the penalty for breaking this law was to be thrown to the lions!

The king did not want to throw Daniel to the lions, but he didn't want people to just start disobeying his laws. So he ordered Daniel to be thrown to the lions.

Did Daniel get eaten by the lions? No. God sent His helpers to protect Daniel and close the mouths of the lions. God promises us that He will never leave us or forsake us. We can take great comfort in knowing that the God who controls the whole world is watching over us, and that He has helpers to make sure that we are protected.
